BEWARE OF FAKE FOOD ADMINISTRATOR

Washington, Nov. 24.—This statement was made today by Herbert Hoover, United States Food Administrator:

"We have reports from various parts of the country of crooks, thieves and confidence operators who are going from house to house purporting to be authorized by the food administration and other departments of the government to collect or commandeer foodstuffs for the government or the army."

"I wish to say emphatically that no department of the government has or will ever make such demands on

householders, and that all such people are petty frauds and should be held for the police. The government agencies are investigating various cases and information is sought of all such persons by this department."
